

Belonging

Tasmania

Anglicare Australia
National Conference

2020

Welcome from the **Conference Chair**

20-23 September 2020

Hotel Grand Chancellor | Hobart

It is with great pleasure that Anglicare Australia invites you to the 2020 Anglicare Australia National Conference, to be held in Hobart from 20–23 September.

We are excited to be holding this event in Hobart, Tasmania. Hobart will offer us world class venues, and a unique natural backdrop for our social program. Our venue, the Hotel Grand Chancellor, will connect our delegates with their surroundings in Hobart and offer enriching experiences throughout the conference.

Our theme for 2020, *Belonging*, captures our work and expresses our mission. As Anglicare Australia Network members, we work in hundreds of regions across Australia to build inclusion and strengthen our communities. And as a Network, we are always sharing stories of belonging as we advance our mission.

As with all of our conferences, delegates will be treated to concurrent sessions from experts from across the Anglicare network; some outstanding keynote addresses; and networking opportunities throughout the three days.

Our past speakers include:

- » **Jane Caro AM**, social commentator, author, and media personality
- » **Kim Beazley AC**, Governor of Western Australia and former Deputy Prime Minister
- » **Brendan Nelson AO**, Director of the Australian War Memorial and former Leader of the Opposition
- » **General David Morrison AO**, former Australian of the Year
- » **Professor Hugh Mackay AO**, social researcher and commentator
- » **The Hon Michael Kirby AC CMG**, retired High Court judge
- » and many more.

So lock this event into your calendars and register now! This conference will give you the opportunity to share your ideas, and celebrate your plans for the future.

To register, visit <http://events.anglicare.asn.au>.

HESTA Super Fund has generously sponsored Anglicare Australia's 2020 Conference

Venue and Location |

Australia's island state is the perfect location for listening and learning. Tasmania has a wealth of amazing stories to share. The timing of the conference will give a great opportunity to get out into the fresh spring air and visit the wonders of the state's natural environment.

Our conference venue, Hotel Grand Chancellor, is on Hobart's scenic waterfront. Conveniently located amongst all the action, delegates will be able to sit back and enjoy both harbour and mountain views from one of the best places to stay in Hobart. The venue is also just a short walk away from popular attractions such as Salamanca Place, The Markets, Battery Point, the MONA Ferry and the CBD.

During the conference there will be plenty of opportunity to see Hobart's magical waterfront, the city's heritage buildings and the art and craft of Salamanca Place. Delegates will be able to take the time to enjoy the state's gourmet food, wineries, markets, parks and reserves, and visit the spectacular World Heritage Areas.

Networking + Highlights |

ANGLICARE AUSTRALIA NATIONAL AWARDS

The Anglicare Australia National Awards for Innovation and Excellence are one of our key annual events.

They recognise the unique culture of the Anglicare Australia network in innovation, excellence, partnership and the invaluable contribution of volunteers.

NETWORKING OPPORTUNITIES + SOCIAL EVENTS

» **Opening worship and reception** held the night before the conference

» **Conference networking dinner** for delegates

» Presentation of the **Anglicare Australia National Awards for Innovation and Excellence**

» **Special Interest Network** meetings will be held throughout the conference

» **Newcomer's reception** for those new to the Anglicare conference

Presentations |

The conference includes a number of concurrent sessions for many high quality presentations and workshops. They provide an opportunity to exchange information, explore some key issues and showcase success.

This year the sessions will focus on the theme of *Belonging*.

We will feature workshops and presentations from people right across the Anglicare network, looking at issues such as:

- » Cutting edge service design
- » Client experience
- » Communications strategy
- » Faith-based engagement
- » Innovation
- » Leadership and management
- » Marketing and fundraising

- » Organisational development
- » Research and evaluation
- » Responses to the marketplace
- » Staff development
